

Outstanding Companies Recognized at 2011 Frost & Sullivan Asia Pacific Best Practices Awards

Singapore, 29 November, 2011 – Frost & Sullivan today recognized exemplary corporations within the Information & Communication Technologies, Power Systems, Logistics, and Healthcare markets in the region at the second installment of the 2011 Frost & Sullivan Asia Pacific Best Practices Awards, held at the Fullerton Hotel, Singapore. The Frost & Sullivan Asia Pacific Best Practices Awards are now in its 4th consecutive year.

Addressing the C-level attendees, Manoj Menon, Partner & Asia Pacific Managing Director, Frost & Sullivan said, “We are pleased to recognize the outstanding achievements and performances of companies in areas such as leadership, technological innovation, customer service, and strategic product development. The awards presented tonight celebrate the success of these deserving industry participants, regionally and globally.”

Frost & Sullivan identifies the outstanding industry achievements in the past year by companies in the regional and global markets through its in-depth analysis and coverage of these industries. In keeping with Frost & Sullivan’s time-honored commitment in pursuit of excellence and innovation, the awards offered are carefully reviewed and evaluated to reflect the current market landscape and include new emerging sectors.

The awards are based on extensive market engineering tools evolved by Frost & Sullivan. Industry analysts compare market participants and measure performance through in-depth interviews, analysis, and extensive secondary research in order to identify best practices in the industry.
